Coimbatore,TamilNadu|+919629147542|kavippranesh62@gmail.com|[GitHub](#)|[LinkedIn](#)

PROFESSIONAL SUMMARY

Enthusiastic and detail-oriented Computer Science graduate with a strong foundation in software testing principles. Knowledgeable in manual testing, functional testing, and defect tracking. Familiar with SDLC, STLC, and bug lifecycle. Recently trained in automation testing using Selenium with Java. Adept at writing and executing test cases to ensure software quality. Quick learner with good analytical and communications skills, seeking an entry-level role in software testing to contribute to quality assurance and continuous improvement.

EDUCATION

Sri Eshwar College of Engineering	BE(CSE)	CGPA-7.03	2021- 2025
SLVM Matric Higher Secondary School	HSC	88.6%	2019- 2021
VNI Matric Higher Secondary School	SSLC	80.0%	2018- 2019

INTERNSHIP

COMPANY NAME - SQUASHAPPS
DOMAIN - QUALITY ANALYST
DURATION - APR 2025-AUG 2025

Experienced in automating web applications using Selenium Web Driver with Java. Skilled in developing test scripts and integrating with Maven. Proficient in writing and executing functional and regression test cases. Experienced in manual API testing using Postman. Familiar with tools like Jira, and working in Agile environments.

PROJECTS

Manual Testing on a Online Hotel Booking Website

Conducted manual testing on hotel search, booking, payment, and cancellation processes. Performed UI, functional, and performance testing to ensure a seamless user experience. Logged and reported defects using Jira, improving website performance and usability. Ensured smooth navigation and proper functionality across different devices and browsers.

Intra college Communication System (Team size: 4)

Developed an intra-college communication system to facilitate seamless interaction between students, faculty and administration. Implemented real-time messaging, notification features, and document sharing. Enhanced user engagement and streamlined communication processes within institution.

Technologies & Tools: HTML, CSS, MySQL, JavaScript, VS Code

Automation Testing on Opencart and Blogspot

Conducted an automation testing on opencart and blogspot demo applications with Selenium WebDriver and Java. Developing automation frameworks, and executing functional and regression test cases. Experienced in working with tools like Selenium, Maven, and Jira. Strong understanding of SDLC, STLC, and Agile methodologies, with a focus on delivering high-quality software products.

TECHNICAL SKILLS

Manual Testing

- I have good knowledge of SDLC and STLC processes.
- I possess a clear understanding of the Bug/Defect Life Cycle.
- I am well-versed in both WhiteBox Testing and BlackBox Testing techniques.
- I have good knowledge of Functional Testing, Integration Testing, and System Testing.
- I am skilled in performing Regression Testing, Smoke Testing, and Compatibility Testing.
- I can effectively prepare detailed Test Scenarios and Test Cases.
- I have good knowledge of creating and maintaining a Traceability Matrix.

Core Java

- I have good knowledge of Operators and Tokens in Java.
- I understand Methods and MethodOverloading concepts clearly.
- I am strong in writing programs using Conditional Statements and Loops.
- I have good knowledge of Arrays and Objecthandling.
- I possess strong understanding of OOPs concepts.

Database(SQL)

- I am strong in writing queries to retrieve data from databases.
- I have good knowledge of writing Subqueries and using different types of Joins.
- I have a strong understanding of PrimaryKeys and Foreign Keys.
- I am good in working with DDL,DML,DCL,andTCL commands.
- I have a strong understanding of Delete,Truncate,andDrop operations.
- I have good knowledge of Database Normalization concepts.

Automation Testing(Selenium)

- Hands-on experience in automating web applications using Selenium WebDriver with Java.
- Good knowledge of identifying web elements using locators such as ID, Name, XPath, and CSS Selector.
- Experience in executing automated test cases and analyzing test results.
- Familiar with handling dropdowns, alerts, frames, windows, and waits.
- Basic understanding of Page Object Model (POM) framework.

CERTIFICATIONS

GUVI	-	Completion of Java
SKILLRACK	-	Completionof SQL(Basics)
HACKERRANK	-	Completion of SQL
SOLOLEARN	-	Completion of SQL

Declaration

I here by declare that all the information provided above is true to the best of my knowledge and belief.
